

Arizona Congressional District 8 Communities Benefit From LSTA Funds

Federal funds administered by the Institute of Museum and Library Services provide access to electronic resources and literacy programs for all Arizona citizens. In addition, funds are distributed to community libraries through competitive subgrants. Between 2014 and 2016, CD 8 libraries used LSTA awards to:

- Encourage hundreds of Glendale citizens to become content creators through writing, the spoken word, art projects, and digital video.
- Support student research and community collaboration in Peoria.
- Purchase hundreds of ebooks and Spanish language materials for people of all ages.
